

Whit MacCuaig

Construction, Project Manager

Whit plays an integral role on CREG's Development Team. He is responsible for managing current development projects, as well as due diligence, underwriting and venture structure of potential projects. As a member of the development team, Whit is also responsible for sourcing and closing development financing; debt and equity, as well as internal financial reporting and management.

Since joining CREG in January 2014, Whit has helped source and negotiate \$38,000,000 in construction loan proceeds and \$54,000,000 in investor capital for the development of over 1,226,000 square feet. Prior to joining CREG, Whit spent five (5) years in public accounting at Ellin & Tucker, Chartered. Whit is a licensed Certified Public Accountant, and brings extensive audit, accounting and tax experience from his prior career.

Whit received a Master of Business Administration from Loyola University of Maryland, and is a graduate of University of Baltimore where he received his BA in Accounting.
